Reference for Michelle Caswell

To whom it may concern

I have personally known Michelle Caswell for some 16 years and have had several dealings with her in various capacities over that timeframe.

It has been my experience that whatever Michelle takes on, she does it with extreme commitment and professionalism.

My latest engagement revolved around consultancy work she carried out for an organisation I am involved with called North Beach Road Conservancy.

This association was formed by residents in North Beach Road, Westbrook Beach, Tongaat to facilitate improved security measures, cleanliness and management of our neighbourhood.

Michelle engaged with our group, carried out extensive market research and guided us in the formation of a framework to manage our security services.

Her professionalism, knowledge and dedication to our cause was exemplary and I would highly recommend Michelle to any party or group that requires independent and market related expertise iro any security requirements.

A real pleasure to work with, Michelle has a total understanding of the security industry and nuances of security services and management.

With regards
